

CRS800S RECUMBENT STEPPER

The CRS800S Seated Stepper makes total-body exercise accessible for a wide variety of users. Regardless of age or physical ability, the CRS800S offers a variety of features that take the effort out of getting on and working out. The step-through frame design, retractable arm rests, and swiveling seat assembly allow easier machine entry/exit. The self-adjusting 1 to 12.5 inch linear step range not only accommodates limitations in range of motion, but also helps accommodate users of various heights. Multi-grip adjustable handles, oversized cushioned pedals with adjustable straps, adjustable armrests, and a 4-way adjustable high-density foam seat with 360-degree swivel create a comfortable workout experience.

CRS800S RECUMBENT STEPPER

- Linked upper and lower body linear pattern with a 1 to 1 ratio
- Self-adjusting linear step range from 1 to 12.5 inches
- Large multi-grip handles with a soft, textured coating for a secure grip
- Armrest height is easily adjustable and retracts when not needed
- Step-through frame design for users with limited mobility
- Seat swivels 360-degrees making it easy to enter and exit the machine
- High-density foam seat pads with recline backrest and fore/aft seat adjustment
- Contact and telemetric heart rate capabilities to make the workout more effective
- Oversized and cushioned foot pedals with large adjustable straps for a comfortable feel

CRS800S CONSOLE FEATURES

The electronics in the CRS800S are designed to provide intuitive operation. The console features a large easy-to-read display with a variety of program options for users of all fitness levels, and an integrated fan to keep clients cool. The seat mounted pulse grip sensors provide convenient heart rate monitoring on demand.
